PGE1 first year

To study and understand all the different aspects of management, your PGE1 allows you to remain focused on the fundamental all while predicting how management will evolve in the future. This first year is born from the very DNA of Rennes School of Business' expertise, allowing you to benefit from everything that makes our school so rich: management courses taught 100% in English, an opportunity to study the humanities and a proactive approach to building your career.

UNFRAMED THINKING
