Education rules - Chapter 2

- Conditions and process for validation of BIM3 results
- Resits and general framework (Modules, Bachelor Dissertation ...)
- Conditions for obtaining the diploma and validation of studies

APPENDIX 4

Timetable of end-of-study obligations

FAILURE IN SEMESTER 6 ABROAD

In the event of failure abroad in semester 6, students must comply with the host university's rules on resitting. Students are entirely responsible for making up any missed exams. They must inform themselves of their results and, if necessary, of the resit arrangements.

No resit exams are organised at Rennes School of Business for courses failed abroad.

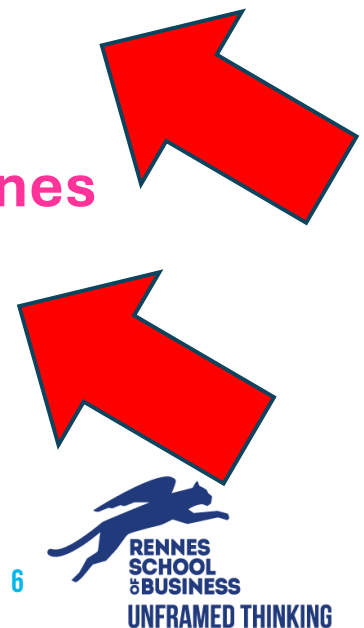

- If necessary, students must return to the partner university to sit the exams.
- Or repeat the module in Rennes in N+1 (attendance compulsory), subject to tuition fees for the modules repeated.

SPECIFIC REMEDIAL MODULE AT RENNES SB

However, under certain conditions, students **who return between 18 and 23 ECTS out of the 24 ECTS required in S6**, can take a specific remedial module in Rennes.

This ST303E_B Macro-Environment and Business Model Analysis module will enable **the student to make up for up to 6 missing credits (module subject to tuition fees)**.

This option is only available to **students who have notified their Rennes SB exchange coordinator of the number of missing credits before 30/06/2025**.

SAVE THE DATES BIM3
