1. EDUCATION SYSTEM

RENNES SB Grading System

Final marks are based on **continuous** assessment (30-40% of grade) and **final exams** (60-70% of grade).

GOOD TO KNOW!
It is very difficult to obtain a 100% or close. 70% of the grade is already considered excellent!

DESCRIPTION	GRADE %	GRADE	GPA *ONLY FOR DOUBLE DEGREE
EXCELLENT	≥ 70	A	5
VERY GOOD	65 - 69	B	4
GOOD	58 - 64	C	3
SATISFACTORY	50 - 57	D	2
SUFFICIENT	40 - 49	E	1
FAIL	30 - 39	FX	0
FAIL	<30	F	0

2. IMPORTANT DATES

ADD & DROP COURSES PERIOD

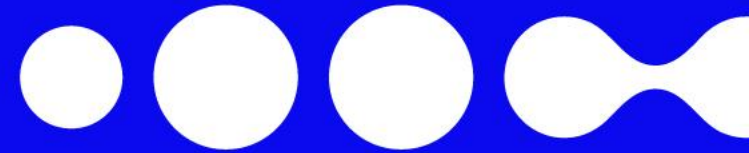

Maximum 2 weeks after the beginning of the semester

The approval is not systematic, it will depend on various criterias (eg. slots availabilities...) = for any demand, make a request to your Education Officer

FINAL EXAMS - FALL SEMESTER 26/27

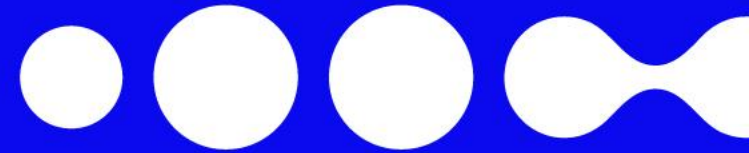

Level 2 & 3 => from December 7th to December 13th included

Level 4 & 5 => from November 30th to December 20th included

Do not plan to leave before the end of the semester!

5. RESIT SESSIONS – FALL SEMESTER 26/27

Level 2 => from March 15th to March 21st included

Level 3 => from April 5th to April 25th included

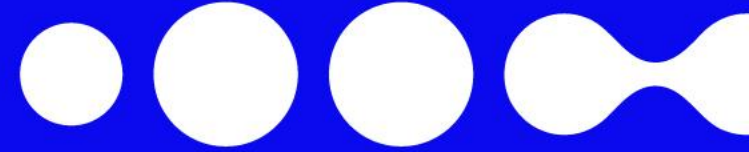

Level 4 => from April 5th to April 11th included

Level 5 => from March 8th to March 21st included

- > No resit possibility for continuous assesment
- > Resit capped at D for business & language courses
- > Resit exam upon registration within a specific deadline

Important Academic Rules to know

What would be the consequences?

1. **Punctuality** – Late arrival = absence [you would miss the first session if you have a 3-hour class]
2. **Absence from a continuous assessment** –
= zero score [possibility to make a request within 24 hours to your professor for a substitute assessment]
3. **Attendance** – impact on exam board decisions, distinctions ...

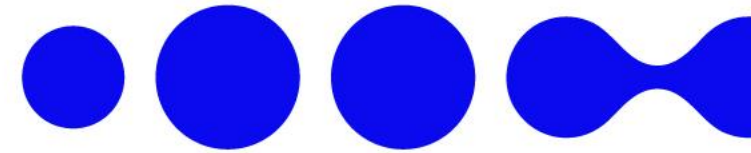

Personal Engagement

Critical thinking with AI

No AI Autopilot

AI can assist your work. It cannot replace your mind.

USE IT TO GO FURTHER

Test your ideas. Challenge your drafts. Explore what you would not have seen.

AI is a brainstorming partner, not a ghostwriter.

THE THREE-QUESTION TEST

- Can you explain it?
- Defend it?
- Redo it without assistance?

If not, you did not do it!
You own nothing.

THE RIGHT APPROACH

Think first. Prompt second.

Your first draft is always yours and you always explain how AI helped.

What you delegate before learning, you will never master!
